CoV-19 as a Driver for eGovernment?

Watch feeds from the conference on YouTube:

- youtu.be/Ums_E30n4oU
- youtu.be/mP9N47QrAL0

Dear Colleagues, Dear Authors,

Due to the ongoing COV-19 situation we had to postpone the conference to September 16-17, 2021, also at the National University of Public Service, Budapest. Please note the following details:

The Conference Volume will be printed and distributed in May 2021; all authors will receive a free copy per postal mail and it will also be published at the Open Access Portal of the Austrian Computer Society. On May 10, 2021 Prof. Nemeslaki of Budapest University of Technology and Economics will organized a few virtual workshop sessions on selected topics.

See the videos of these sessions on Vimeo:

- Are Artificial Intelligence and Data Management the way out of our current situation?
- COVID-19 and Education

Virtual Sessions 2021

Dear Colleagues,

As you know from our website (https://eeegov.ocg.at/) and our Twitter account (https://twitter.com/ceeegov), our conference had to be postponed and will take place on 16-17 September 2021, given a sustainable COVID-19 pandemic situation.

In the meantime, we decided to run an informal panel discussion on the days initially planned for our conference. The panel discussion will address some COVID-19 aspects and potential remedies, namely artificial intelligence and education. Each session is based on the below-mentioned papers of the authors. They will not deliver a full paper presentation, rather a short statement with the very essence of their respective contributions to start the discussion.

Sessions virtually

10.05.2021 10:00-12:00 (CEST)

Are Artificial Intelligence and Data Management the way out of our current situation?

- *In the wake of algorithmic decision making: mapping AI-related advancements in the Hungarian public sector*
  Mihály Csótó, Zoltán Rupp and Sára Petényi (NKE)
- *COVID-19 DIGITAL CONTACT TRACING BETWEEN PRIVACY ISSUES AND CO-PRODUCTION WHY SOME HAVE WORKED AND SOME HAVEN'T*
  Hiroko Kudo (Chuo University Tokyo)
- *Smart Infrastructure for rural areas - Best practices and suggested actions for Moldova*
  Anatolie Babin et al. (AES Moldova)
- *KTLO & Brownfield: Overcoming Challenges when Modernising Process Automation and Business Intelligence*
  Alois Paulin (University of Public Administration and Finance, Ludwigsburg)

Chairs: Alexander Prosser (Austrian Computer Society) and Robert Müller-Török (University of Public Administration and Finance, Ludwigsburg)

10.05.2021 17:00-19:00 (CEST)

COVID-19 and Education

- *Ready to learn online? Lessons from the Covid-19 Pandemic*
  Helin Alagöz Gessler (University of Europe for Applied Sciences, Berlin)
- *How open source tools could help remote learning during the first lockdown in Hungary? – Case study of University of Public Service.*
  Judit Szakos and Gábor László (NKE)
- *Insufficient conditions for homeschooling in Germany exacerbate educational inequity*
  Oliver Sievering (University of Public Administration and Finance, Ludwigsburg)

Chair: Tamás Szadeczky (BME)
